Snaidero USA Confirmed As Kitchen Provider for Ritz Carlton Residences in Sunny Isles Beach

Snaidero USA is set to provide kitchen cabinetry for the **211 units** of the **Ritz Carlton Residences**, a new Sunny Isles Beach, Miami project by **Fortune International Group** and **Château Group**. The kitchen of choice is **LUX** by **Pietro Arosio Design** in Matte Lacquer and Wood Melamine.

The project features an **impressive design concept by world-class architectural firm Arquitectonica**: the curvilinear structure references the organic landscape of swaying dunes and ensures all homes are bathed in natural light and respect the basic principles of Feng Shui. The tower includes cascading terraces with 360-degree views and penthouse gardens dissolving at the uppermost crest, creating a yacht-like silhouette.

The **interiors by Michele Bönan** are inspired by Monaco's elite Yacht Club and offer a minimalist aesthetic that is rich in details and environmental innovations.
